HISTORY OF THE COLLEGE

In the early part of the last century, theological education in South Africa was only available in the universities. In the 1920's, three evangelical ministers were concerned with the loose commitment to the gospel in the theological departments of the day. With this in mind, they wished to endow a theological professorship at one of the South African universities. However, because of the prevailing liberal theological influence, their wish was frustrated. Undaunted, they determined to establish a college where the evangelical doctrines of the Word of God would be taught.

Consequently, in 1923, they founded the Bible Institute of South Africa at Mowbray in the Cape Peninsula. Their intention was to create academic training of a high quality in order to provide the Church in South Africa with men and women equipped to meet the challenges of the time.

Throughout its history, the Institute has always been interdenominational. It has trained or contributed towards the training of evangelical ministers for most of the South African denominations e.g. the Assemblies of God, the Baptists, the Brethren, CESA (now REACH SA), and the Church of the Province of South Africa, the Dutch Reformed Church, the Methodist Church, the Presbyterian Church, the Congregational Church and other African Churches. Missionaries, too, have gone out to serve on foreign fields in most of the well-known missionary societies.

Immediately prior to World War II the Institute moved to Kalk Bay, where from small beginnings it has developed into the present extensive campus. Its programmes enjoy local and international academic recognition at the degree level. The original intention of the founders has therefore been fulfilled.

MISSION

Who we are

We are a non-denominational, international, theological college committed to the evangelical faith of our confessing protestant reformational heritage.

What we do

We equip Christian men and women in Biblical truth and ministry in order to fulfil the Great Commission in Africa and throughout the world.

Who we serve

We serve the Church of the Lord Jesus Christ.

OUR PURPOSE

- We serve the Church of the Lord Jesus Christ by equipping Christian men and women in biblical truth and ministry expertise.
- We hold to the inspiration, inerrant and full authority of the Bible.
- We emphasise the importance of having a passion for the Kingdom of God, and exemplary Christian character.
- We are committed to the development of personal spirituality and practical skills for faithful effective ministry.
- We seek to pursue excellence in all aspects of life, in the college and in the community to the glory of God.

OUR PROVISION

We offer training for Christian men and women that is:

- Academically and practically integrated.
- Accessible to existing and potential Christian leaders.
- Appropriate for the students we serve.
- Accredited by the Educational Authorities and recognised by the Church.

DOCTRINAL STATEMENT

We believe that the Bible is the Word of God and revelation of God. We therefore accept the trustworthiness of its historical records, the authority of its teachings, and the truth of all Christ's utterances contained in it.

We believe in one God, eternally existing in three persons: Father, Son and Holy Spirit.

We believe in Jesus Christ, the only begotten Son of God, who was conceived by the Holy Spirit, born of the Virgin Mary, and is therefore true God and true man.

We believe that our Lord Jesus Christ died for our sins according to the Scriptures, voluntarily bearing our guilt and suffering as our substitute; and all those who believe in Him are now justified by His blood, and shall be saved from the wrath of God through Him.

We believe in His corporeal resurrection and ascension into Heaven, and His present life there as our Priest and Advocate.

We believe that man was created in the image of God, that he sinned and thereby incurred not only physical death, but also spiritual death, which is separation from God, and in consequence of "the fall" all human beings are born with a sinful nature.

We believe therefore in the universality and heinousness of sin, and in the necessity of being saved by grace, and that sonship with God is attained only by regeneration through the Holy Spirit, and faith in Jesus Christ.

We believe in the personality and the godhead of the Holy Spirit who came down upon earth on the day of Pentecost, and in His offices to convict the world in respect of sin and of righteousness and of judgement, and to indwell believers as their Teacher, Sanctifier and Comforter.

We believe in the Great Commission which our Lord has given to His Church to evangelise the world, and that this evangelisation is the great mission of the Church.

We believe in "that blessed hope", the personal return of our Lord and Saviour, Jesus Christ.

We believe in the bodily resurrection of the just and the unjust; the judgment of the living and of the dead; the everlasting blessedness of the saved; and the everlasting punishment of the lost.

PHILOSOPHY OF EDUCATION

Since the Bible is God's trustworthy and authoritative Word, it is always at the centre of our curriculum and training.

Our method of study and teaching employs the historic Protestant and Reformational hermeneutic in the interpretation of the Bible.

Our concern is more than just to impart knowledge; it is to take that knowledge and use it in the development of the skills and character that our students will need to be effective in their lives and ministries. Our goal is to help each student develop a Judeo-Christian world-and-life view.

We strive to help each student to think creatively and critically about the various issues they will face in their context of ministry, and to do so in a way that is biblical and preserves the bonds of peace and fellowship in our multi-denominational, multi-cultural and international Christian community on campus.

As a campus community we seek to model Christian faith, love, fellowship, witness, team-work and submission to the Lordship of Christ in every area of our lives, with a desire to glorify God in our teaching, learning and service.

We seek to enlist a teaching faculty who are evangelical in their theology, who model the truths they teach, who are skilled as educators and employ a variety of educational methods that encourage the abovementioned values.

We recognize our necessary dependence on God's grace and the enabling and direction of the Holy Spirit in all our labours and consequently value the role of prayer in all our activities.

LANGUAGE POLICY AND PROFICIENCY

The primary teaching and learning mode at BISA is through contact lectures in the English language. It is therefore necessary for prospective students to be proficient in English - reading, writing, speaking, and listening. The college reserves the right to require a language examination of its choice as a prerequisite to admission. Students who do not meet the minimum English proficiency requirements for entrance into the BTh will be required to take English classes. In some cases however, students are advised to enrol for a recognised English language course as offered by various institutions.

MODE OF INSTRUCTION

The main mode of instruction is through contact lectures held on Mondays to Fridays - please see the BISA calendar for details of the college academic year and terms. Class Timetables are published in advance of each term giving details of classes and venues. Classroom instruction includes lectures, group work, in-class presentations, multi-media presentations, interviews and written assignments.

Experiential learning strategies include quantitative research, self-directed ministry projects and focus groups.

Our students are also trained and prepared for Christian ministry through a dynamic interaction with people, field work or Practical Training Assignments, regular chapel services, Fellowship Group meetings and other opportunities to practise skills learnt.

PRACTICAL TRAINING ASSIGNMENT (PTA)

Each student is required to do an on-going practical training assignment in a local church or Christian ministry during their course. **Successful fulfilment of the practical training assignment is a prerequisite for graduation.**

Each student is assigned to a team as part of the training at BISA. Through these outreach teams, students are provided with opportunities to represent the Bible Institute in various locations during the year. Faculty members each lead a team during BISA's annual 'Ministry Week' where the teams work in local churches or further afield, living in the community and engaging in various forms of ministry, including preaching and teaching in a variety of contexts.

ADMISSIONS POLICY AND PROCEDURES

In addition to the academic qualifications for the intended programme of study, applicants are assessed before entry to establish that they are Christians who are maturing spiritually in their personal walk with the Lord Jesus Christ. They should be in good standing with their local church, and in a reasonable state of health.

Minimum Entrance Requirements

The minimum requirement for entry into the BTh programme is Matriculation Exemption (or five "O" levels and two "A" levels). Special conditions may apply to applicants who are over 23 years of age who do not meet these requirements. Matriculation Exemption is not a pre-requisite for students over 45 years of age.

The Bible Institute must, at all times, defer to the Matriculation Board (HESA) in Pretoria, as the final authority when it comes to decisions relating to the granting of university entrance status to an applicant.

The Registrar may be contacted to discuss eligibility before submitting an application lcbucklow@bisa.org.za

Application Dates

The closing date for applications is 30 September and 30 March each year for the first and second semesters respectively. Late applications will, in consultation with the applicant, be reviewed for entrance to the following semester's intake. A late application fee is payable in these circumstances.

Applications must be made timeously and, dependent on the size of the student intake, application for residential accommodation will be considered.

REQUIREMENTS FOR INTERNATIONAL STUDENTS

International students must comply with the following additional requirements before their applications are considered.

Study Permit

In order for a non-RSA student to study at BISA they **must** obtain a Study Permit from the South African Embassy or Consulate in their home country.

Once the potential student's application has been processed by the BISA Registrar, he/she will be sent an acceptance letter from BISA. *(The prospective student must produce verification of funds to cover at least two semesters (one academic year) before an acceptance letter can be issued by BISA for the purpose of securing the student visa. See 'Finances' below.*

This acceptance letter must be presented to the RSA Embassy in the student's country of residence in order to apply for a Study Permit. The permit must state that studies are to be undertaken at the Bible Institute of South Africa. The Study Permit must be in the possession of the student **before** arriving in South Africa. A non-RSA student cannot be admitted to the Bible Institute without a valid Study Permit.

The South African Embassy may require that a student pay fees for a year in advance. Also the RSA Embassy will need proof that the Study Permit applicant can support himself/herself, without being a burden on the State or the Bible Institute, whilst studying in South Africa. The Embassy may levy a repatriation fee.

For specific details please contact the RSA Embassy in your own country.

English Proficiency Exam

Before a student can be accepted at BISA they must first prove proficiency (e.g. TEOFL or equivalent pass) in both written and spoken English. Please contact the Registrar for more information: lcbucklow@bisa.org.za

Finances

International students are not permitted by RSA law to engage in wage-paying work while studying at the Bible Institute. Therefore, before acceptance the student must prove his ability to cover the costs of tuition, residence, and all living expenses. The prospective student must produce verification of funds to cover at least two semesters (one academic year) before an acceptance letter can be issued by BISA for the purpose of securing the student visa.

NON-DISCRIMINATION POLICY

The Bible Institute does not discriminate on the grounds of race, colour, nationality or ethnic origin, gender, disability or age. However, in keeping with the practice in many South African academic institutions, students from the developed world are required to pay increased tuition fees.

This occurs at the beginning of the semester, on a Monday, one day before Orientation commences (The dates will be in the information packet sent to the student with the application materials).

Late Registration
